We understand there was but one young man called from Jackson county in 3rd rail. It maybe he will get lonesome going off by himself, but we trust he will be able to bring back Kaiser Bill.

Woe unto Kaiser. He may by his many years of preparation be able to hold out sometime yet, but surely God is reserving a punishment to mete out to him in due season.

We trust and pray that the end of this useless carnage of humanity is drawing very near a close. God in his infinite wisdom looking from out the pure realm of heaven, is guiding all nations toward their destinies. It seems as though He has chosen the awfulness of war to burn out from among them that element

that may be classed as dross, The German Government as we know it today, with all its science and efficiency, is the nucleus around which is gathered all the despotic fragments of such heathenistic government as yet exists upon the earth. We long to see the over throw of such satanical power, that christainity may go forward and blossom as a rose. As American citizens, being particularly blessed with the citizenship of such a great republic, we should shoulder our duties Whatever they may be and only be glad to serve such a noble cause.

COALING, CAL.

Coalinga, Cal. Oct. 1' 1917.

Will give a few items from the oilfields. I am a Jackson county boy and still have a little spark of love burning for my Tennessee friends.

A large number of the boys are leaving here for American Lake, Washington. They are leaving in good spirits and say we are going to Berlin or bust.

Lattie Turner, a Jackson county boy, leaves today for Los Angeles. We wish him the luck of getting the Kaiser and a safe return.

BLACKSMITH STOPS BOIL TROUBLES WITH VIN HEPATICA.

ALL OTHER REMEDIES HAD FAILED TO HELP LYNNVILLE MAN—DRUGGIST ADVISES THAT HE TAKE VIN HEPATICA—IT DID THE WORK.

"I was suffering very badly with boils and could not get anything to do me any good," writes Mr. M. C. Chapman, age 53, of R. F. D. No. 1, Lynnville, Tenn.

"One boil would come right after another and they had gotten me where I could not work. I am a blacksmith by trade and have to work very hard every day. One day I was in the drug store of Braden & Clark, at Lynnville, and Mr. Braden, knowing of my condition, suggested that I try Vin Hepatica because he knew what a fine medicine it is. "I bought a bottle from him and I want to say that it has helped me wonderfully. Not another new boil has come. It has stopped the swimming in my head, my sour stomach; I feel a whole lot better in every respect and am working every day."

Vin Hepatica, owing to the fact that it is a purely herbal compound, is a wonderful system purifier. It goes into the blood and enriches it and drives out the impurities. It is Nature's own medicine for cleansing and purifying the system. It is a combination of eight of the finest herbal remedies known to medical science—remedies that are prescribed nearly every day in the year by physicians the world over, and is very pleasant to take.

We strongly recommend this great Nature remedy. Come and get a bottle and try it, on our recommendation. We know it is a real medicine of the highest merit.

Vin Hepatica is being introduced and sold L. B. Anderson's, Gainesboro, Tenn. adv.
